I. ABSTRACT This document serves as the immutable registry for "The Label," a clinical post-mortem of long-term domestic structures within the Acoustic Brutalism framework. It establishes the technical and philosophical standards for the "Role Inversion Audit," documenting the disintegration of multi-decade narratives into raw, corrosive irony and analog rust.

II. TECHNICAL SPECIFICATIONS

- **Genre Engineering:** Implementation of Post-Punk and Post-Grunge textures as tools for clinical deconstruction.
- **Acoustic Signatures:** Exclusive reliance on thick, distorted guitar layers and live drumming. 0% quantization and zero pitch correction to strictly maintain **Biological Integrity**.
- **Dynamics:** Cinematic "Quiet-Loud" extreme transitions (88 to 95 BPM), mimicking the structural collapse of a failing empire.
- **Vocal Profile:** Preservation of physical strain, shouted delivery, and weary grit as primary evidence of the "Human Error Signature."

III. CONCEPTUAL FRAMEWORK

- **The Post-Mortem of Rust:** A surgical analysis of long-term relationships through the lens of decay and structural failure.
- **Role Inversion Audit:** A cold-blooded comparison between discarded organic strength and the "hollow peace" of modern domestic compliance.
- **Analog Sovereignty:** The rejection of all electronic/synthetic instrumentation to score the visceral, non-digital reality of interpersonal wreckage.
- **The Final Receipt:** Framing the end of a multi-decade transaction as a "Surgical Extraction" of the true cost of shared history.
